Overall Length:

0.895 inches

Overall Diameter:

0.750 inches

Unthreaded Mounting Hole Diameter:

0.560 inches single mounting facility

Accommodated Item Securing Device Type:

Friction fastener

Mounting Facility Type And Quantity:

1 friction single mounting facility

Material:

Copper alloy

Surface Treatment:

Copper

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A062a0
