Overall Length:

0.765 inches

Pin Diameter:

Between 0.061 inches and 0.063 inches

Overall Diameter:

0.125 inches

Cable Entrance Diameter:

Between 0.062 inches and 0.068 inches

Pin Length:

Between 0.380 inches and 0.385 inches

Current Rating In Amps:

7.5

Mounting Method:

Solder

Material:

Steel body

Surface Treatment:

Copper body and tin body and zinc body

Style Designator:

Pin contact

Terminal Type And Quantity:

1 solder well axially at one end

Reference Number Differentiating Characteristics:

As differentiated by navord od41152

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A222a0
