Overall Length:

0.602 inches

Overall Height:

0.250 inches

Overall Width:

0.594 inches

Unthreaded Mounting Hole Diameter:

0.112 inches single mounting facility

End Application:

B-2, nexrad radar

Mounting Facility Type And Quantity:

1 unthreaded hole single mounting facility

Criticality Code Justification:

Feat

Special Features:

Weapon system essential

Material:

Aluminum

Material Specification:

Qq-a-200/3 federal specification single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03600
