Cross Sectional Shape:

Metal and synthetic rubber

Hole Diameter:

0.206 inches

Overall Length:

21.360 inches

Overall Width:

0.625 inches

Center To Center Distance Between Bolt Holes Along Length:

8.000 inches

Cross-sectional Height:

0.625 inches

Bolt Hole Quantity:

3

Environmental Protection Material Location:

Throughout rf shielding gasket

Material:

Rubber silicone class q environmental seal

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A032a0
