Body Material:

Plastic

Width:

0.906 inches

Length:

1.875 inches

Insert Material:

Ceramic

End Application:

Type no. 321

Usage Design:

Termination for lead, electrical

Mounting Method:

Friction

Fastening Facility:

Bossed edge

Chain:

Not included

Insert:

Included

Height:

0.406 inches

Fsc Application Data:

Test set, signal simulator

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T174-g
