Overall Length:

1.170 inches

Overall Diameter:

0.185 inches

Mounting Method:

Solder

Material:

Copper alloy contact

Material Specification:

Qq-c-530 federal specification single material response contact

Precious Material And Location:

Contact surface silver

Precious Material And Weight:

0.005 silver grains, troy

Precious Material:

Silver

Surface Treatment:

Silver contact

Surface Treatment Specification:

Qq-s-365 federal specification single treatment response contact

Style Designator:

Cylindrical shape

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A222a0
