Ventilating Radio Frequency/electromagnetic Interference Shielded Panel - Page 1 of 1

Overall Length:
19.000 inches
Overall Width:
5.810 inches
Special Features:
Body thickness: 0.750 in.Nom; design type: reusable; filter media design: honey comb; material: filtering medium, aluminum alloy
Shelf Life:
N/a
Unit Of Measure:

Demilitarization:

No

Fiig:

A23900
