Overall Length:

0.344 inches

Overall Diameter:

Between 0.123 inches and 0.125 inches

End Application:

6625-00-148-8097 oscilloscope

Mounting Method:

Force fit

Material:

Plastic fluorinated ethylene propylene barrel insulation

Precious Material And Location:

Contact surface gold

Precious Material And Weight:

0.005 gold grains, troy

Precious Material:

Gold

Surface Treatment:

Gold contact and copper contact

Style Designator:

Cylindrical shape

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A222a0
