Body Material:

Aluminum, cast

Diameter:

5.000 inches

Thread Size:

4.500-12

Insert Material:

Glass

Mounting Method:

Thread

Fastening Facility:

Mid-section circumference flats

Chain:

Not included

Insert:

Included

Special Features:

Marked-do not loosen with power on

Height:

3.750 inches

Surface Treatment:

Primer epoxy-polyamide and epoxy coated

Surface Treatment Specification:

Mil-c-22751, red gloss per federal standard 595, color 11136 military specification single treatment response

Surface Treatment:

Epoxy-polyamide coating, per mil-c-22751, red gloss per federal standard 595, color 11136

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T174-g

Mil-std (military Standard):

Mil-c-22751 spec.
