Overall Length:
0.485 inches
Overall Width:
0.081 inches
Pin Width:
0.028 inches
Mounting Method:
Force fit
Material:
Copper alloy body
Surface Treatment:
Tin contact
Style Designator:
•
Printed circuit contact
-
Printed circuit contact
Printed circuit contact Terminal Type And Quantity:
Printed circuit contact Terminal Type And Quantity: 1 wire wrap end opposite contact
Printed circuit contact Terminal Type And Quantity: 1 wire wrap end opposite contact Shelf Life:
Printed circuit contact Terminal Type And Quantity: 1 wire wrap end opposite contact Shelf Life: N/a
Printed circuit contact Terminal Type And Quantity: 1 wire wrap end opposite contact Shelf Life: N/a Unit Of Measure:
Printed circuit contact Terminal Type And Quantity: 1 wire wrap end opposite contact Shelf Life: N/a Unit Of Measure:
Printed circuit contact Terminal Type And Quantity: 1 wire wrap end opposite contact Shelf Life: N/a Unit Of Measure: Demilitarization:
Printed circuit contact Terminal Type And Quantity: 1 wire wrap end opposite contact Shelf Life: N/a Unit Of Measure: Demilitarization: No
