Body Style:

Extruded

Overall Length:

12.060 inches

Overall Height:

2.000 inches

Overall Width:

10.500 inches

Unthreaded Mounting Hole Diameter:

0.218 inches single mounting facility and 0.223 inches single mounting facility

Mounting Facility Type And Quantity:

21 unthreaded hole single mounting facility

Special Features:

Right hand configuration

Material:

Aluminum alloy 356.0 or aluminum alloy 6061

Material Specification:

Qq-a-596, alloy 356.0, temper 6 federal specification single material response or qq-a-250/11, alloy 6061, temper 6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03600
