#### **Overall Length:**

1.000 inches

### **Overall Diameter:**

0.110 inches

## Pin Accommodation Length:

0.330 inches

#### **Mounting Method:**

Force fit

#### Material:

Plastic diallyl phthalate contact insulation

## **Precious Material And Location:**

External surface gold

#### **Precious Material And Weight:**

## 0.005 gold grains, troy

Precious Material:

## Gold

Surface Treatment:

Gold contact and nickel contact

## Terminal Type And Quantity:

1 solder well axially at one end

Shelf Life:

N/a

#### Unit Of Measure:

---

#### Demilitarization:

No

Fiig:

A222a0
