Body Style:

Rectangular

Overall Length:

4.000 inches

Overall Height:

0.375 inches

Overall Width:

0.625 inches

Unthreaded Mounting Hole Diameter:

0.119 inches first mounting facility and 0.124 inches first mounting facility

Mounting Facility Type And Quantity:

4 unthreaded hole second mounting facility

Material:

Aluminum alloy 2024 or aluminum alloy 6061

Material Specification:

Qq-a-225, alloy 2024, temper 4 federal specification single material response or qq-a-250, alloy 6061, temper 4 or 6 federal specification single material response

Surface Treatment:

Cadmium

Surface Treatment Specification:

Mil-c-5541, class 1a military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03600

Mil-std (military Standard):

Mil-c-5541 spec.
