Overall Length:

0.501 inches

Overall Height:

0.070 inches

Overall Width:

0.052 inches

Current Rating In Amps:

3.0

Mounting Method:

Force fit

Material:

Copper alloy 170 contact or copper alloy 172 contact

Material Specification:

Qq-c-533, 1/4h federal specification all material responses body

Precious Material And Location:

Outer surfaces gold

Precious Material And Weight:

0.005 gold grains, troy

Precious Material:

Gold

Surface Treatment:

Gold contact and nickel contact and copper contact

Style Designator:

Socket contact

Terminal Type And Quantity:

1 wire wrap end opposite contact

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A222a0
