Overall Length:

0.900 inches

Overall Width:

Any acceptable

Pin Diameter:

Any acceptable

Slot Accommodation Width:

Any acceptable

Pin Length:

0.109 inches

Mounting Method:

Force fit

Material:

Copper alloy 170 contact or copper alloy 172 contact

Material Specification:

Qq-c-533 federal specification all material responses contact

Precious Material And Location:

Outer surfaces gold

Precious Material And Weight:

0.005 gold grains, troy

Precious Material:

Gold

Surface Treatment:

Gold contact and nickel contact

Style Designator:

Module board contact

Terminal Type And Quantity:

1 pin end opposite contact

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A222a0
