Overall Length:

2.760 inches

Overall Height:

0.032 inches

Unthreaded Mounting Hole Diameter:

0.125 inches single mounting facility

End Application:

F-16 aircraft system

Mounting Facility Type And Quantity:

3 unthreaded hole single mounting facility

Material:

Copper alloy

Material Specification:

Qq-c-576b, cold rolled, half hard federal specification single material response

Surface Treatment:

Tin

Surface Treatment Specification:

Mil-t-10727 type 1 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03600

Mil-std (military Standard):

Mil-t-10727 spec.
