Overall Length:

0.440 inches

Overall Width:

0.440 inches

Overall Thickness:

0.062 inches

End Application:

F-4

Usage Design:

Reed switch

Mounting Configuration:

No mounting facilities

Face Size:

0.194 inches square

Flux Density:

Between 600.000 gauss and 800.000 gauss

Special Markings:

Keep 1/2 inch from magnetic material

Material:

Aluminum-nickel-cobalt alloy

Material:

Aluminum alloy

Shape:

Square

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T174-a
