Overall Length:

0.509 inches

Overall Diameter:

Between 0.235 inches and 0.240 inches

Mounting Facility Type And Quantity:

1 friction single mounting facility

Material:

Aluminum alloy

Material Specification:

Qq-a-2251 federal specification single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-f-14072 military specification single treatment response

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A062a0

Mil-std (military Standard):

Mil-f-14072 spec.
