Overall Length:

1.140 inches

Overall Diameter:

0.255 inches

Mounting Method:

Terminal

Material:

Plastic fluorinated ethylene propylene contact insulation

Precious Material And Location:

Body and contact surfaces gold

Precious Material And Weight:

0.005 gold grains, troy

Precious Material:

Gold

Surface Treatment:

Gold body and contact

Style Designator:

Cylindrical shape

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A222a0
