## **Overall Length:**

0.250 inches

### **Overall Width:**

0.500 inches

# Thickness:

0.250 inches

### **Special Features:**

Usage location: center; sealing medium material type: silicone

#### Material:

Copper alloy and silicone and rubber

#### Shape:

Triangular

### Shelf Life:

N/a

### Unit Of Measure:

#### --

### Demilitarization:

No

### Fiig:

A506y0
