Conductive Gasketing Material - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5999-01-156-8922

Overall Length:
0.440 inches
Overall Width:
18.000 inches
Thickness:
0.125 inches
Special Features:
Material: siliver rubber, silver partiles impregnated
Precious Material And Location:
Throughout gasketing material silver
Shape:
Triangular
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A506y0
