Overall Length:

0.455 inches

Overall Height:

0.060 inches

Overall Width:

0.060 inches

Current Rating In Amps:

3.0

Mounting Method:

Snap lock

Crimping Tool Identifying Number:

687766-2

Material:

Copper alloy contact and nickel contact and tin alloy contact

Material Specification:

Cda1 alloy 725 assn standard single material response body and contact

Precious Material And Location:

Contact surface gold

Precious Material And Weight:

0.005 gold grains, troy

Precious Material:

Gold

Surface Treatment:

Gold contact and nickel contact

Surface Treatment Specification:

Mil-g-45204 military specification single treatment response contact

Style Designator:

Irregular shape

Terminal Type And Quantity:

1 crimp and solder end opposite contact

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A222a0

Mil-std (military Standard):

Mil-g-45204 spec.
