End Application:

Cutler hammer magnetic controller 6869ed-42 20/5 h.P. Onboard 180 ft slep class c.G. Vessels

Current Rating For Which Designed:

Between 15.0 amperes and 17.6 amperes

Special Features:

Size 2 heater rated 40 degrees c ambient temp; 1.15 service factor motor

Reference Number Differentiating Characteristics:

As differentiated by ctqm

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A503s0
