**End Application:**

Mrap - common nsn - used on 2 mrap variants and 6 other weapon systems.

**Mating Contact Width:**

0.120 inches

**Current Rating In Amps:**

13.0

**Product Name:**

Contact, electrical

**Special Features:**

Material is brass per qq-b-613b, finish is tin plate, 75 microns , optional finish is gold plate, 30 microns , over 75 microns nickel plate.

length is 0.71 inches

**Surface Treatment:**

Tin body and contact

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A222a0
