End Application:

Mrap - common nsn - used on 2 mrap variants and 6 other weapon systems.

Mating Contact Width:

0.120 inches

Current Rating In Amps:

13.0

Product Name:

Contact, electrical

Special Features:

Material is brass per qq-b-613b, finish is tin plate, 75 microns , optional finish is gold plate, 30 microns , over 75 microns nickel plate.
length is 0.71 inches

Surface Treatment:

Tin body and contact

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A222a0
