Electrical-electronic Component Heat Sink - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5999-01-211-4629

Overall Length:
4.000 inches
Overall Width:
3.301 inches
Material:
Aluminum alloy
Material Specification:
Qq-a-250/11 federal specification single material response
Surface Treatment:
Anodize
Surface Treatment Specification:
Mil-a-8625, type 2, class 2 military specification single treatment response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A03600
Mil-std (military Standard):
Mil-a-8625 spec.
