Cross Sectional Shape:

Wire and composition

Overall Length:

11.000 inches

Overall Width:

1.000 inches

Cross-sectional Height:

0.187 inches

Material:

Rubber silicone class q environmental seal

Material Specification:

Qq-n-281 federal specification single material response emi/rfi conductor

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
