Overall Length:

3.000 inches

Overall Height:

0.020 inches

Overall Width:

1.000 inches

Unthreaded Mounting Hole Diameter:

0.600 inches

Mounting Facility Quantity:

1

Mounting Method:

Unthreaded hole

Material:

Copper alloy body and contact

Material Specification:

Qq-p-330, comp a spring temper federal specification single material response body and contact

Style Designator:

Rectangular shape

Terminal Type And Quantity:

1 eyelet end opposite contact

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A222a0
