Electronic Shielding Gasket - Page 1 of 1

Metal and synthetic rubber		
Overall Length:		
3.300 inches		
Overall Width:		
Between 0.088 inches and 0.098 inches		
Cross-sectional Thickness:		
Between 0.088 inches and 0.098 inches		
End Application:		
Shielding gasket		
Environmental Protection Material Loca	ation:	
Along one edge		
Material:		
Rubber silicone class q environmental sea	I	
Precious Material And Location:		
Emi/rfi conductive particles silver		
Precious Material:		
Silver		
Style Designator:		
Rectangular		
Shelf Life:		
N/a		
Unit Of Measure:		
Demilitarization:		
No		
Filg:		
A032a0
