Overall Length:

6.000 inches

Overall Height:

1.000 inches

Overall Width:

4.120 inches

Special Features:

Seven various sized holes irregularly spaced

Material:

Aluminum alloy 6063

Material Specification:

Qq-a-200 federal specification single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625, type 2, class 2 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03600

Mil-std (military Standard):

Mil-a-8625 spec.
