Overall Length:

3.655 inches

Overall Width:

0.587 inches

Unthreaded Mounting Hole Diameter:

0.101 inches single mounting facility

Accommodated Item Securing Device Type:

Holes

Mounting Facility Type And Quantity:

1 unthreaded hole single mounting facility

Material:

Copper alloy 260 or copper alloy 268

Material Specification:

Qq-b-613, alloy 260 federal specification single material response or qq-b-613, alloy 268 federal specification single material response

Surface Treatment:

Tin

Surface Treatment Specification:

Mil-t-10727, tpe 1 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A062a0

Mil-std (military Standard):

Mil-t-10727 spec.
