Overall Length:

1.025 inches

Overall Height:

0.100 inches

Overall Width:

0.100 inches

Current Rating In Amps:

5.0

Mounting Method:

Force fit

Material:

Nylon barrel insulation

Material Specification:

Qq-b-750, composition a, 3/4 hard federal specification single material response body and contact

Precious Material And Location:

Body and contact surfaces gold

Precious Material And Weight:

0.005 gold grains, troy

Precious Material:

Gold

Surface Treatment:

Gold body and contact and nickel body and contact

Style Designator:

Post contact

Terminal Type And Quantity:

1 wire wrap end opposite contact

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A222a0
