Overall Length:

0.813 inches

Overall Height:

0.300 inches

Overall Width:

0.397 inches

Special Features:

Used on dual in-line packages

Material:

Copper alloy 172

Material Specification:

Qq-c-533, alloy 172, condition 1/2 hard federal specification single material response

Surface Treatment:

Cadmium

Surface Treatment Specification:

Qq-p-416, type 2, class 3 federal specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03600
