Overall Length:

0.625 inches

Overall Width:

0.250 inches

Thickness:

0.625 inches

Special Features:

Oriented wires occupy only a portion of the total strip width; usage location: throughout rf shielding gasket; sealing medium material type: silicone rubber; cognizant service: army

Material:

Nickel alloy and rubber silicone class q

Shape:

Triangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A506y0
