Ventilating Radio Frequency/electromagnetic Interference Shielded Panel - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5999-01-283-1147

Overall Length:
20.500 inches
Overall Width:
5.250 inches
Special Features:
Body thickness: 0.688 in.Nom; design type: reusable; filtering media design: honey comb; material: body, aluminum alloy baqq-a-200/9;
surface finish: passivate damil-c-5541
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:

Fiig:

A23900

Yes - demil/mli
