Overall Length:
4.00 inches
Overall Diameter:
0.625 inches
Usage Design:
Copper jumpers are not to be used in fuel cell applications as they will contaminate the fuel
Product Name:
Bonding jumper assembly
Special Features:
Stud: size 10
Material:
Steel
Shape:
Rectangular w/bridging loop
Supplementary Features:
Includes chafe guard
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T174-k
