**Cross Sectional Shape:**

Emi

**Hole Diameter:**

Between 0.147 inches and 0.153 inches

**Overall Length:**

1.600 inches

**Bolt Hole Quantity:**

2

**Environmental Protection Material Location:**

Throughout rf shielding gasket

**Material:**

Rubber chloroprene class cr environmental seal

**Material Specification:**

Ams-4182 national specification single material response emi/rfi conductor

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A032a0
