Electronic Shielding Gasket - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5999-01-332-6532

Cross Sectional Shape:
Emi
Hole Diameter:
Between 0.147 inches and 0.153 inches
Overall Length:
1.600 inches
Bolt Hole Quantity:
2
Environmental Protection Material Location:
Throughout rf shielding gasket
Material:
Rubber chloroprene class cr environmental seal
Material Specification:
Ams-4182 national specification single material response emi/rfi conductor
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A032a0
