Cross Sectional Shape:

Emi

Hole Diameter:

Between 0.147 inches and 0.153 inches

Overall Length:

1.600 inches

Bolt Hole Quantity:

2

Environmental Protection Material Location:

Throughout rf shielding gasket

Material:

Rubber chloroprene class cr environmental seal

Material Specification:

Ams-4182 national specification single material response emi/rfi conductor

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
