Overall Length:
0.337 inches
Overall Diameter:
0.080 inches
Mounting Method:
Terminal
Material:
Copper alloy 360 body and contact
Material Specification:
Qq-b-626, alloy 360, composition 22, temper 1/2 hard federal specification single material response body and contact
Surface Treatment:
Copper body and contact and tin body and contact
Surface Treatment Specification:
Mil-c-14550, class 4 military specification 1st treatment response body and contact and mil-p-81728 military specification 2nd treatment
response body and contact
Style Designator:
Cylindrical shape
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A222a0
Mil-std (military Standard):
Mil-c-14550 spec.
