Body Style:

Rectangular, beveled corners

Overall Length:

27.860 inches

Overall Width:

21.320 inches

Unthreaded Mounting Hole Diameter:

0.218 inches single mounting facility

End Application:

5895-01-280-3568 communication s

Mounting Facility Type And Quantity:

42 unthreaded hole single mounting facility

Material:

Aluminum alloy

Material Specification:

Qq-a-250/11, alloy 6061-t5 federal specification single material response

Surface Treatment:

Paint

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A03600
