Overall Thickness:

0.063 inches

End Application:

An/sps-40c radar set

Mounting Configuration:

Mtg holes with irregular spacing

Special Features:

Item has two pieces, one is u-shaped, one is irregularly shaped

Material:

Aluminum alloy, qq-a-250/8, alloy 5052, h32

Material:

Aluminum alloy 5052

Material Specification:

Qq-a-250/8, alloy 5052, h32 federal specification single material response

Shape:

Irregular

Surface Treatment:

Chemical film, mil-c-5541

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T174-k
