**Cross Sectional Shape:**

Emi

**Overall Length:**

Between 32.510 inches and 32.630 inches

**Overall Width:**

10.570 inches

**Cross-sectional Height:**

Between 0.125 inches and 0.156 inches

**Material:**

Nickel emi/rfi conductorrubber silicone class q environmental seal

**Material Specification:**

Qq-n-281 federal specification single material response emi/rfi conductor

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A032a0
