Cross Sectional	Shape:
Emi	
Cross-sectional	Height:
Between 0.083 ir	nches and 0.103 inches
Environmental F	Protection Material Location:
Throughout rf shi	elding gasket
Material:	
Stainless steel er	mi/rfi conductorrubber silicone class q environmental seal
Material Specific	cation:
Zz-r-765 class b	grade 30 to 40 federal specification single material response emi/rfi conductorqq-n-281 federal specification single material
response environ	mental seal
Shelf Life:	
N/a	
Unit Of Measure	
Demilitarization	:
No	
Fiig:	
A032a0
