Overall Length:

0.100 inches

Mounting Method:

Terminal

Product Name:

Jumper link .100 lead center

Special Features:

Temperature range (105c) to 200c

Material:

Plastic tetrafluoroethylene body and tin alloy body

Special Test Features:

Withstanding voltage = 600v continuous

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A222a0
