Cross Sectional Shape:

Emi

Hole Diameter:

0.141 inches

Overall Length:

1.625 inches

Overall Width:

1.625 inches

Aperture Diameter:

1.500 inches

Outside Corner Radius:

0.188 inches

Cross-sectional Height:

0.030 inches

Bolt Hole Quantity:

4

Environmental Protection Material Location:

Throughout rf shielding gasket

Material:

Rubber silicone class q environmental seal

Style Designator:

Non-circular

Specification Data:

07700-82-61623 manufacturers specification control

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
