Overall Length:

0.713 inches

Overall Diameter:

0.110 inches

Mounting Method:

Terminal

Material:

Copper alloy 172 body and contact and copper alloy 511 body and contact

Material Specification:

Qq-c-533 federal specification 1st material response body and contact and qq-b-750 federal specification 2nd material response body and contact

Precious Material And Location:

Body and contact surfaces gold

Precious Material And Weight:

0.005 gold grains, troy

Precious Material:

Gold

Surface Treatment:

Gold body and contact

Style Designator:

Pin contact

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A222a0
