Overall Length:

1.178 inches

Overall Diameter:

Between 0.101 inches and 0.103 inches

End Application:

Ms27468t15b97p connector

Mounting Method:

Solder

Material:

Copper alloy 360 body and contact

Material Specification:

Qq-b-626, composition 360, or composition 11, or equivalent federal specification all material responses body and contact

Precious Material And Location:

Entire contact gold

Precious Material And Weight:

0.005 gold grains, troy

Precious Material:

Gold

Surface Treatment:

Gold body and contact and nickel body and contact

Surface Treatment Specification:

Mil-g-45204 military specification all treatment responses body and contact and qq-n-290 federal specification all treatment responses body and contact

Style Designator:

Dip solder tail contact

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A222a0

Mil-std (military Standard):

Mil-g-45204 spec.
