**Overall Length:**

1.178 inches

**Overall Diameter:**

Between 0.101 inches and 0.103 inches

**End Application:**

Ms27468t15b97p connector

**Mounting Method:**

Solder

**Material:**

Copper alloy 360 body and contact

**Material Specification:**

Qq-b-626, composition 360, or composition 11, or equivalent federal specification all material responses body and contact

**Precious Material And Location:**

Entire contact gold

**Precious Material And Weight:**

0.005 gold grains, troy

**Precious Material:**

Gold

**Surface Treatment:**

Gold body and contact and nickel body and contact

**Surface Treatment Specification:**

Mil-g-45204 military specification all treatment responses body and contact and qq-n-290 federal specification all treatment responses body and contact

**Style Designator:**

Dip solder tail contact

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A222a0

**Mil-std (military Standard):**

Mil-g-45204 spec.
