Material:

Silicone emi/rfi conductor and aluminum emi/rfi conductor

Material Specification:

Mil-g-83528typeb military specification single material response emi/rfi conductor

Precious Material:

Silver

Surface Treatment:

Silver emi/rfi conductor

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0

Mil-std (military Standard):

Mil-g-83528typeb spec.
